

Corrigendum to "Evaluation of Candida Colonization and Specific Humoral Responses against Candida albicans in Patients with Atopic Dermatitis"
Fuzzy Rule-Based Classification System for Assessing Coronary Artery Disease
Individual patient data meta-analysis of the smoking prevalence in Mazandaran Province of Iran
Low birthweight or rapid catch-up growth: Which is more associated with cardiovascular disease and its risk factors in later life? A systematic review and cryptanalysis
Removal of noxious Cr (VI) ions using single-walled carbon nanotubes and multi-walled carbon nanotubes
A modeling study by artificial neural network on ethidium bromide adsorption optimization using natural pumice and iron-coated pumice
Isothermic and kinetic modeling of fluoride removal from water by means of the natural biosorbents sorghum and canola
Fluoride removal from aqueous solutions using moringa oleifera seed ash as an environmental friendly and cheap biosorbent
Assessment of a spatial multi-criteria evaluation to site selection underground dams in the Alborz Province, Iran
Modeling of nitrate removal from aqueous solution by Fe-doped TiO <sub>2</sub> under UV and solar irradiation using response surface methodology
Control of workers' exposure to xylene in a pesticide production factory
Kinetics and thermodynamics of enhanced adsorption of the dye AR 18 using activated carbons prepared from walnut and poplar woods
Immune and metabolic responses of Chilo suppressalis Walker (Lepidoptera: Crambidae) larvae to an insect growth regulator, hexaflumuron
The effectiveness of lavender essence on sternotomy related pain intensity after coronary artery bypass grafting.
Mesenchymal stem cell-based gene therapy: A promising therapeutic strategy
Synthesis and biological evaluation of fluconazole analogs with triazole-modified scaffold as potent antifungal agents.
Predictive factors of death in patients with tuberculosis: a nested case-control study.
Prediction of trauma-specific death rates of pedestrians of Fars Province, Iran.
Kinetic and isotherm modeling of Cd (II) adsorption by L-cysteine functionalized multi-walled carbon nanotubes as adsorbent
A randomized controlled multimodal behavioral intervention trial for improving antiepileptic drug adherence.
Analyzing the Dimensions of the Quality of Life in Hepatitis B Patients using Confirmatory Factor Analysis.
Comparison of Quetiapine and Risperidone in Treatment of Acute Psychosis: A Double-Blind, Randomized-Controlled Study.
Assessment of Critical Care Provider's Application of Preventive Measures for Ventilator-Associated Pneumonia in Intensive Care Units
Measurement of cholinesterase enzyme activity before and after exposure to organophosphate pesticides in farmers of a suburb region of Mazandaran, a northern province of Iran.
Analyzing Short Message Services Application Effect on Diabetic Patients' Self-caring.
Sexual dysfunction in women with type 2 diabetes mellitus

لیست مقالات سال ۹۴ مرکز تحقیقات علوم بهداشتی

Comparison of serum zinc levels among children with simple febrile seizure and control group: A systematic review
The prevalence of latent tuberculosis infection and smear positive pulmonary tuberculosis in people with household close contact with tuberculosis in North of Iran
Health, safety and environment conditions in primary schools of Northern Iran.
Biodiversity of culicid mosquitoes in rural Neka township of Mazandaran province, northern Iran.
Evaluation of Candida Colonization and Specific Humoral Responses against Candida albicans in Patients with Atopic Dermatitis.
Isolation of different species of Candida in patients with vulvovaginal candidiasis from Sari, Iran.
The relationship between the prevalence of Helicobacter pylori and serum levels of vitamin B12 in women 10-49 years
Sociocultural factors associated with breast self-examination among Iranian women
Evaluation of the relationship between mandibular impacted wisdom teeth and mandibular canal in preoperative panoramic and postoperative complication
Evaluation of cow manure effect as bulking agent on concentration of heavy metals in municipal sewage sludge vermicomposting
An epidemiological study of head injuries in patients attending Sari Imam Khomeini Hospital, 2013-2014
Assessing the microbial and physicochemical quality and concentration of heavy metal in bottled water
Efficacy of topical hydroquinone 5%, salicylic acid 4%, fluocinolone 0.1%, and vitamin C 2% in patients with melasma
Efficiency of some disinfectants (Cidex, Deconex, and Creolin) against E.coli
Efficiency evaluation of natural (crude) and citric acid modified rice straw for removal of Pb (II) from aqueous solutions
Fauna and frequency of sand flies in southern Khorasan province
Population based cohort studies in Iran: A review article
Prevalence of asymptomatic urinary tract infection in diabetic patients
Quantitative, qualitative analysis and solid waste disposal method in health care centers in Gachsaran
Seasonal activity and population density of Rhipicephalus bursa in Sari, Iran
Water disinfection using photocatalytic process with titanium dioxide nanoparticles

Prevalence of Enterobius vermicularis amongst kindergartens and preschool children in Mazandaran Province, North of Iran
Comparing the levels of trace elements in patients with diabetic nephropathy and healthy individuals
Assessment of Knowledge, Attitude and Practice toward Vectors Control Programs among Managers of the Schools in Neka, Iran
Equilibrium and Thermodynamics Studies for Decolorization of Reactive Black 5 by Adsorption onto Acid Modified Banana Leaf Ash
Adsorption Acid Red18 Dye Using Sargassum Glaucescens Biomass from Aqueous Solutions
Evaluation of DMFT Index in the 8-12 Years old Students of Zahedan City, Iran
Patient's Perception and Expectations of the Quality of Outpatient Services of Imam Khomeini Hospital in Sari City.
Fauna and Larval Habitat Characteristics of Mosquitoes in Neka County, Northern Iran.
Seasonal Pattern in Suicide in Iran.
Evaluation of Chronic Obstructive Pulmonary Disease (COPD) attributed to atmospheric O <sub>3</sub> , NO <sub>2</sub> , and SO <sub>2</sub> using Air Q Model (2011-2012 year).
Outcomes of High-Risk Pregnancies in Northern Iran: Multivariate Logistic Regression Model
<i>Comparing the efficacy of celecoxib, ibuprofen and acetaminophen codeine in pain relief after impacted lower third molar surgery</i>
Efficacy of Euro SCORE in predicting one month mortality in cardiac surgery patients
Concentrations of nitrate and nitrite in agricultural and drinking water wells in downstream villages of Miandoroud, Iran
<i>Efficiency of natural and cationic surfactant modified zeolite on adsorption of dissolved organic carbon from polluted water</i>
Adsorption of ethidium bromide (EtBr) from aqueous solutions by natural pumice and aluminium-coated pumice
Protective effect of methanol and hot-water extraction from trametes versicolor on ethanol-induced liver toxicity in mice
The incidence of recurrence of tuberculosis and its related factors in smear-positive pulmonary tuberculosis patients in Iran: A retrospective cohort study
Removal of linear alkyl benzene sulfonate from aqueous solutions by functionalized multi-walled carbon nanotubes
<i>Biosorption of chromium in aqueous solutions using Bivalve Mollusk Shells through central composite design (CCD) model</i>
<i>The impact of peer education on stress level in patients undergoing coronary artery bypass grafting</i>
<i>Comparison of the effects of heparin and 0.9% sodium chloride solutions in maintenance of patency of central venous catheters</i>
<i>Green Tea Gargling Effect on Cough &amp; Hoarseness After Coronary Artery Bypass Graft</i>
Epidemiological, Clinical and Pathological Characteristics of Patients with Breast Cancer
Prevalence of Intestinal Parasitic Infections and Associated Risk Factors In West of Mazandaran Province, Iran
Bactriological Quality of Rainwater Samples in Cisterns in Rural Areas of Gomishan
